Join us at the **San Antonio Breast Cancer Symposium®**

**The largest breast cancer conference in the world
for experts and advocates**

Mays Cancer Center at UT Health San Antonio and the American Association for Cancer Research® take great pride in presenting the San Antonio Breast Cancer Symposium® (SABCS) on December 8–11, 2026, at the Henry B. Gonzalez Convention Center.

SABCS continues to provide a comprehensive forum for interaction, communication, and education in breast cancer research and treatment. SABCS attracts thought leaders, academic and private physicians, researchers, and other healthcare professionals focused on curing breast cancer. SABCS facilitates discussion and education about new and late-breaking research, including experimental biology, etiology, prevention, diagnosis, and therapy of breast cancer and premalignant breast disease, as well as novel findings from clinical trials. The Symposium also attracts young investigators by providing superior education and training opportunities for the next generation of breast cancer researchers.

The Program Planning Committee has coordinated with the breast cancer research community to create a robust program this year. The program is updated continuously with more exciting potential topics, please check www.sabcs.org for the most recent program information in 2026.

International attendance is a key component of the Symposium. Almost half of our attendees come from more than 100 countries. We continue to offer virtual attendance and online resources for those who cannot attend the Symposium in person. Our supporters make all this possible, for which we are sincerely grateful.

About SABCS

The 2026 San Antonio Breast Cancer Symposium (SABCS) is presented by the UT Health San Antonio Mays Cancer Center and the American Association for Cancer Research. United by a shared commitment to accelerating progress against breast cancer, this collaboration brings together two leading institutions to deliver one of the world's premier breast cancer meetings.

SABCS encompasses the full continuum of breast cancer research—from groundbreaking laboratory discoveries to practice-changing clinical advances—with a focus on translating science into meaningful improvements in patient care. The Symposium provides cutting-edge updates in experimental biology, etiology, prevention, diagnosis, treatment, and survivorship, serving as a global platform for the exchange of high-impact scientific knowledge.

Each year, SABCS convenes an international audience of academic and community physicians, clinical investigators, translational researchers, basic scientists, industry leaders, and patient advocates dedicated to advancing breast cancer research and care. The program is carefully curated to balance clinical, translational, and foundational science, foster dynamic dialogue, collaboration, and education across disciplines.

Designed for medical, surgical, and radiation oncologists; oncology fellows; researchers; and allied healthcare professionals, SABCS also prioritizes the development of early-career investigators by providing exceptional educational and networking opportunities that help shape the next generation of leaders in breast cancer research.

Exhibits and the Exhibit Hall

To ensure the exhibit space complements the educational mission of SABCS, requests for exhibit space will be reviewed to determine whether prospective exhibitors and their products meet SABCS criteria and standards. During its meeting, SABCS will monitor exhibitor activities, displays, products, giveaways, and conduct for compliance with SABCS policies, and the terms of the Exhibitor Agreement.

Eligibility

Only a company or other organization identified in a signed Exhibitor Agreement that has been approved by SABCS may exhibit at, or in connection with, the symposium. SABCS retains the sole and exclusive right to determine which companies and organizations may exhibit at or in connection with SABCS. Only the organization whose name appears at the top of its Exhibitor Agreement is eligible to be placed in the booth or appear on any list of exhibitors.

Non-Profit and Patient Advocate Exhibitors

Exhibit space at the Non-Profit rate is limited. The SABCS Exhibit Reviewers have the responsibility of approving applications for not-for-profit exhibitors. The organization must be a government entity or must be recognized by the IRS as a 501(c)(3) charitable organization. The organization must have demonstrated support for breast cancer research through financial contributions or provisions of infrastructure. The organization may not offer a product or service for sale on the exhibit floor.

The Non-Profit rate is only available to booths in the Non-Profit Section. When space is no longer available in the Non-Profit Section, or the organization chooses to be placed in another location on the floor, full exhibit rates will apply.

To qualify for a space in the Patient Advocate Pavilion a separate application is required.

New Exhibitors

Companies applying for exhibit space that have never exhibited at SABCS will need to go through an approval process. The potential exhibitor is required to submit an application for exhibit space, a product summary form, and company literature, which is sent to the SABCS Exhibit Reviewers. The booth chosen by the company is put on hold during the approval period. The company is notified of the Committee's decision in a timely manner. Upon approval, the application is processed and the booth is released to the company. Upon rejection, the application is denied and the booth becomes available.

Review of Exhibits

SABCS is committed to providing a quality exhibition space. Eligible exhibitors may exhibit commercially available oncologic and health/wellness products and services whose marketing, safety and efficacy have been determined as required by applicable law, provided that the specific products or services have been approved for exhibition by SABCS. Products eligible for exhibition are oncologic and health/wellness-related products, equipment, and services that, upon review by SABCS and at the sole determination of SABCS reviewers, are marketed for the labeled indication or promoted for a use in accordance with applicable legal requirements, including as required by the Food, Drug, and Cosmetic Act and FDA regulations, when applicable.

Exhibit Space Relocation Policy

SABCS reserves the right to change the location of said exhibit space at any time and for any reason. Exhibitors who change the size of their exhibit space are not guaranteed the originally assigned location and are subject to relocation by SABCS. Should booth relocation be deemed necessary, the exhibitor will be notified and offered the opportunity to relocate their exhibit or cancel with no further penalty.

Registration Email Blasts

Pre-meeting email blasts increase booth traffic and exposure of your company's products and services, while post-meeting communications can keep you in touch with the meeting attendees. Exhibitors have the option to send an email blast to the pre- and post-meeting registration lists through the official SABCS Registration vendor, Convention Management Resources (CMR). Information will be listed in the Map Your Show Exhibitor Resource Center.

SABCS Meeting News and Out-of-Home Marketing

SABCS Meeting News, the official news source of 2026 SABCS, is available on a digital platform. TriStar is the required agency through which SABCS exhibitors and non-exhibiting industry supporters must reserve out-of-home advertising opportunities. No other vendor may be used. Sponsors who book out-of-home advertisements outside of TriStar will lose priority points and the opportunity to participate in official SABCS sponsorships. Build brand recognition and excitement at your exhibit space by taking advantage of advertising opportunities on the online daily news site and around San Antonio. To learn more about SABCS Meeting News and the advertising offerings available, please contact Melanie Holt, Senior Media Strategist at TriStar Event Media at mholt@tristarpub.com or by phone at 913-491-4200, ext. 487.

In the event of cancellation by an exhibitor, SABCS must receive notification of the cancellation in writing to sabcs-exhibits@uthscsa.edu. The date that the cancellation notice is received by SABCS will determine the assessment charges.

In the event of either a full or partial cancellation of space by an exhibitor, SABCS reserves the right to reassign canceled booth space, regardless of the cancellation assessment. Subsequent reassignment of canceled space does not relieve the canceling exhibitor of the obligation to pay the cancellation assessment. Cancellation of exhibit space includes cancellation of registrations allotted with exhibit space.

June 10

Deadline to cancel or reduce booth size without penalty.

June 11

If an exhibitor reduces or cancels their booth, they are responsible for 30% booth and/or sponsorship fee.

August 17

No refunds for cancellations or booth reductions.
No exceptions.

Exhibit Space Relocation Policy

SABCS reserves the right to change the location of said exhibit space at any time and for any reason. Exhibitors who change the size of their exhibit space are not guaranteed the originally assigned location and are subject to relocation by SABCS. Should booth relocation be deemed necessary, the exhibitor will be notified and offered the opportunity to relocate their exhibit or cancel with no further penalty.

No Show Policy

In the event that an exhibiting company has not arrived on the exhibit floor by 5:00 p.m. on Tuesday, December 8, and has not been granted pre-approval for late set-up, SABCS reserves the right to use the vacant exhibit space as it sees fit, with no obligation to issue a refund. Any exhibit materials, either in the vacant booth or on the loading dock, for that exhibit space, will be placed in storage at the exhibitor's expense. Substitute booth space will be available at the discretion of the SABCS. The exhibitor is responsible for all fees associated with removing freight from storage. If an exhibitor requires additional time to set up beyond the hours listed above, they must obtain permission from Management.

Subletting and/or Sharing of Exhibit Space

No exhibitor may sublet, share, apportion, or assign all or any part of its exhibit space with or to another organization or business. SABCS, at its sole discretion, may grant exceptions to the following: a recent merger/acquisition; divisions of the same company and companies co-marketing a product. Written consent must be obtained from SABCS, and exhibitors must provide to SABCS written documentation of the particular relationship. Only those companies and organizations that are the authorized occupants of each exhibit space will be entitled to exhibitor badges and only those authorized companies will be included on published exhibitor lists. SABCS retains the right to remove from the Exhibit Halls any company or organization without a signed application to exhibit.

III. Exhibit Rules and Regulations

Exhibitor Access to Exhibit Hall

Exhibitor personnel will be allowed access to the Exhibit Hall at 8:00 a.m. Each representative issued an exhibitor's badge must be employed by the exhibiting company and registered in advance through the Exhibitor Resource Center. Only representatives who are employed by the exhibiting company and who will be working in the booth are to be registered as Exhibitor Personnel. Exhibitor badges will not be issued to registrants who should pay the registration fee or to representatives of leasing companies, financial institutions, suppliers, vendors, or others who wish to gain admittance for the purpose of making contacts. Exhibitors that are also presenting at SABCS must be registered separately from the booth and pay the associated rates.

Access to the Exhibit Hall during booth set-up and dismantle times is restricted to the published hours unless special arrangements have been made with SABCS.

Unauthorized Access and Misuse of Badges

False certification of individuals as exhibitor's representatives, misuse of exhibitor badges, or any other method of assisting unauthorized persons to gain access to the exhibit floor or meeting sessions will be just cause for expelling the exhibitor from the Exhibit Hall or removing their exhibit from the exhibit floor without obligation on the part of SABCS for refund of any fees.

Staffing and Early Dismantle

Exhibit Booths must be staffed at all times during official show hours. All exhibitors are expected to make their travel arrangements in accordance with this policy. Any exhibitor found breaking down or vacating their booth prior to the end of the show will be prohibited from exhibiting at all future SABCS meetings.

Giveaways may not exceed \$10 USD. Product samples, giveaways, or literature may only be distributed within the exhibitor's booth and must not interfere with other exhibitors' spaces. Representatives may not distribute materials in any hotel utilized by SABCS or in any areas of the Convention Center other than their exhibit space or company leased rooms, or in public areas outside the Convention Center or hotels throughout the duration of the conference. Customary items such as descriptive product literature, notepads, pens, pencils, company information on USBs/CDs or journals may be distributed from the booth without written approval by SABCS.

Food Service

Food service is permitted at the exhibitor's booth. All food service arrangements must be coordinated through the SABCS contracted caterer. No alcoholic beverages can be served or given away. To utilize an Exhibitor Appointed Contractor for food and or beverage service, a request and Certificate of Insurance must be submitted in the Exhibitor Resource Center by October 5.

Food and beverage requests must comply with the rules and regulations of the official provider designated by the meeting facility. Any exhibitor at the SABCS who provides food and beverage to attendees is required to order and pay for porter service through the exclusive general services contractor. Order forms and additional information will be made available in the Exhibitor Service Kit.

Any gift cards given away or raffled off may not exceed \$10 in value. All contests, lotteries, drawings, raffles, and games of chance must be approved by SABCS Exhibits Management. All drawings must be held on the Exhibit Hall floor with the appropriate booth. All requests must be submitted to SABCS for review by October 5.

A booth activity approval form will be available in the Exhibitor Resource Center. No unapproved items may be used as a "prize." All "prizes" need to be submitted on the Distribution of Giveaways form. Any exhibitor found conducting contests, raffles, or drawings that have not been approved by the SABCS will be required to cease immediately. SABCS will not approve drawings or raffles where attendees are required to be present in the Exhibit Hall at the time of the drawing to win. Timing of drawings and raffles should not compete inappropriately with meeting sessions and is subject to approval by SABCS. Exhibitors must submit copies of any applicable permits or licenses upon request.

Sales

The purpose of the exhibits is to further the education of meeting attendees through product and service displays and demonstrations. The exhibitor will be required to make arrangements through the official security services company for an escort at their own expense.

Exhibitors must obtain approval to photograph, videotape, and/or audiotape (including time-lapse photography) in the Exhibit Hall. Approval is at the sole discretion of SABCS. All photography, video, and audio equipment must remain within the exhibitors' booth space and may not disrupt visitor traffic in the aisleway. Exhibitors may not photograph or videotape other exhibitors' or organizations' exhibits and/or Exhibit Hall attendees. The use of any name, logo, or trademark of SABCS is strictly prohibited without advance written consent from SABCS. Exhibitors who seek and receive approval to photograph, videotape, and/or audiotape in the Exhibit

Hall will need to sign a waiver stating the number of cameras being used, mounting locations and SABCS and SABCS security will not be held liable for loss or theft of these devices.

Registered media may request photos of the Exhibit Hall from SABCS press room staff. Brief b-roll shots of the Exhibit Hall are permitted if accompanied by an SABCS press room escort. Please see the press room staff to request an escort.

Advanced Approval

If you are planning to conduct any booth activities, you will need to submit any request to SABCS for approval no later than October 5. Passing out exhibitor materials and information and talking to attendees within an exhibit booth are not considered booth activities and do not need to be included in exhibitors' approval requests. SABCS will not accept onsite requests for giveaway approvals.

Compliance with Applicable Laws and Regulations

All exhibits and exhibited items must comply with all applicable local, state and federal law and regulations. The mention (directly or indirectly) of pharmaceutical products not approved by the FDA is strictly prohibited. Exhibitors are responsible for compliance with meeting applicable legal requirements, including, if applicable, FDA regulations which govern the labeling of displayed products, prohibit sponsoring hands-on or educational events for non-approved products, and affect how booth descriptions may be listed in meeting programs.

IV. Exhibit Booth Configuration

Display and Booth Construction

No part of any exhibit, or signs relating thereto, shall be posted, nailed, or otherwise attached to columns, walls, floors, or other parts of the building or its furniture. Damage arising by failure to observe these rules shall be payable by the exhibitor.

Electrical cords, rear sides of audio/visual equipment and other aspects of the exhibit not intended for public view must be concealed or displayed so as not to distract from neighboring exhibits. Any portion of exhibit with visible unfinished sides or back exposed must be draped off at the exhibitor's expense. Raised floors must be non-hazardous and wheelchair accessible. Edges of raised floors must be ramped or guarded sufficiently to prevent bodily injury at transitions.

Inline and Corner Booth Exhibits

Inline or linear booths are a row of standard booths and have neighboring exhibitors on their immediate right and left, leaving only one side exposed to the aisle.

A corner booth is a partial inline booth at the end of a series of inline booths with exposure to intersecting aisles on two sides. Corner booths do not include 3' draped side rails on the open corner(s).

- Backwalls have a maximum height of eight feet (8'), including any identification sign, and must not protrude from the back wall more than 50% of the distance from the back wall to the front of the booth.
- Hanging signs are not permitted.
- No obstructions in the front half of the booth above a height of four feet (4') are permitted.
- A four feet (4') height restriction imposed on all materials in the remaining space forward to the aisle, unless it is a product. No objects or decorations that obstruct visibility will be permitted.
- No side rails or counters or may exceed four feet (4') in height.

Island Booth Exhibits

An island booth is exposed to aisles on all four sides. An island booth is typically 400 square feet (20' x 20') or larger, although it may be configured differently. Island booths should be constructed to allow access from all sides.

- Island booths should have open sight lines around and through the design to not obstruct the view of neighboring booths.
- Island exhibits must maintain a one foot (1') setback of all exhibit structure from the floor to eight feet (8') in height.
- Reception counters/information kiosks may not be closer than two feet (2') from the aisle.

The Island Exhibitor receives the following benefits:

- Waiver of the eight feet (8') height restriction. Island booths not to exceed 20' in height where applicable.
- Waiver of sidewall restrictions.
- Increased visibility from all areas of the Exhibit Hall.
- Ability to utilize hanging signs.

Island Booth Exhibit Renderings

Exhibitors who wish to construct an island booth are required to submit a scaled floor plan and elevation blueprints to SABCS for approval by September 4 in the Exhibitor Resource Center (ERC) in the exhibiting company's primary contact's Map Your Show account. Advance review also provides SABCS with the opportunity to resolve any potential issues. These plans must include:

- All dimensions of structures within the booth - not to exceed the maximum height of 20'. The top of the booth's integrated sign may not extend more than 20' from the floor.
- Heights of any hanging signs from the floor to the top of the sign - not to exceed 22'.
- Truss, rigging, and lighting components.

- A scale or CAD drawing of the booth design to view the proper measurements of all display elements, walls, and fixtures. Any changes that occur after initial submission must be resubmitted to SABCS for approval prior to the meeting. Multi-level island booths are not permitted.
- Ample sight lines.

Hanging Signs and Lighting

Signs, lighting, and trusses may be suspended from the ceiling in island booths only, 20' x 20' and larger. Hanging signs must be hung directly over the island booth and not in the aisles. There must be a minimum clearance of 8' from the bottom of any structure to the Exhibit Hall floor if attendees are expected to walk below such a sign and or structure. The top of the booth's integrated sign may not extend more than 20' from the floor and cannot block the visibility of SABCS signs or other exhibitors' booths.

Island booths may use special lighting. Lighting must be directly over or in the exhibitor's booth and cannot affect other exhibitors or aisles. The Exhibit Hall lighting may not be dimmed or blacked out to accommodate exhibitors' lighting requirements. The exhibitor is responsible for all costs associated with special lighting.

Flooring/Carpeting

All exhibit floor spaces must have floor covering. Bare floors in exhibit booths are not permitted. If an exhibitor's floor space is not covered by December 8 at 2:00 p.m., SABCS will arrange for the general services contractor to install carpet at the exhibitor's expense. Exhibitors may not apply paint, lacquer, adhesive or other coatings to building floors, columns, walls, or to standard booth equipment.

V. Contractors, Labor and Security

Contract Obligations and Liability

The exhibitor agrees to protect, save, and keep SABCS and the occupied Convention Center forever harmless from any damage or charges imposed for violation of any law or ordinance by the exhibitor, their employees or agents as well as to strictly comply with the applicable terms and conditions contained in the agreement between SABCS and the occupied Convention Center regarding the exhibition premise. Furthermore, the exhibitor shall at all times protect, indemnify, save, and keep harmless SABCS and the occupied Convention Center against and from any and all loss, cost, damage, liability, or expense which arises out of or from, or by reason of any act or omission by the exhibitor, his employees, or agents except to the degree of negligence of SABCS, its employees, and/or agents.

Labor Policy

Exhibitors shall use proper authorized labor for exhibit installation during move-in, services during open hours, and exhibit dismantling during move-out, according to the official policies/union agreement of SABCS, facility management, official general services contractor, and all applicable state and local laws. Exhibitors planning to build special displays on-site should employ union display companies in their fabrication, carpentry, and electrical work. Rules and regulations pertaining to union labor and the Convention Center will appear in The Exhibitor Service Kit.

Indemnification

The exhibitor agrees to indemnify and hold harmless the San Antonio Breast Cancer Symposium, Freeman Expositions, Inc., Freeman Audio Visual Solutions, Inc., the meeting facility, and the affiliates and the respective directors, officers, members, employees, and agents of each ("SABCS Indemnities"), against all claims and liabilities arising in connection with exhibitor's exhibit

and use of exhibit space, including those arising in connection with any exhibitor contractor, except for any claims or liabilities caused solely by the negligence or wrongful acts of the SABCS.

Exclusions from Liability

The exhibitor shall not be liable to the SABCS Indemnities for any loss or damage resulting from the perils of fire, lightning, windstorm, cyclone, tornado, hail, riot attending a strike, terrorism, widespread infectious or contagious diseases, civil commotion, smoke, motor vehicle damage, or aircraft damage, nor may the exhibitor hold the SABCS Indemnities liable for losses associated with such incidents. The exhibitor must carry its own insurance in amounts adequate to cover such conditions and other acts of God.

Insurance

Exhibitors are responsible for obtaining insurance in such an amount as deemed necessary to comply with the obligations contained herein, and for exhibitors' own protection during the meeting, including transit. SABCS does not carry insurance of any sort on the exhibit or other property of Exhibitors and SABCS assumes no liability for loss or damage thereto from any cause.

Use of Exhibitor Appointed Contractor (EAC)

Exhibitors utilizing an Exhibitor Appointed Contractor must fill out the online Exhibitor Appointed Contractor Form and submit valid Certificate of Insurance (COI). Exhibitors shall employ only union labor (as made available by the official contractors) for the installation or dismantling of an exhibit and in its operation when required by local union agreements binding on SABCS and/or the meeting facility(s).

Certificate of Insurance should include:

- Naming of SABCS, Freeman, and the Henry B. Gonzalez Convention Center as additional insured.

- Naming of the exhibiting company/organization and booth number that they are representing in the description area; if said information is not included, the certificate of liability insurance will not be accepted by SABCS.
- Coverage for workers' compensation and employers' liability within commercially reasonable limits as otherwise required by the laws of the state of Texas.
- Commercial general liability coverage, product liability coverage, and broad property damage endorsement with combined and single limits of not less than \$1,000,000 per occurrence.

Failure to provide these documents to SABCS by the indicated due dates will be caused to exclude the EAC from participation at the meeting.

EACs must also comply with the policies and procedures set forth by the meeting facility. All Exhibitor Appointed Contractors working on show days must have official meeting badges. Exhibitors are responsible for making sure all contractors are badged appropriately and are responsible for all associated costs.

SABCS reserves the right to remove any EAC or its employees who do not comply with SABCS exhibitor rules or the operating rules of the convention center. SABCS reserves the right to prohibit EAC participation at SABCS, at the sole discretion of the SABCS, when such actions are necessary.

Storage of Materials and Boxes

Fire regulations prohibit storing product, literature, empty packing containers, or packing material behind back drapes or under draped tables. In most cases, however, exhibitors may store a limited supply of literature or product within the booth area, so long as these do not impede access to utility services, create a safety problem, or appear unsightly. Accessible storage for exhibit materials will be available from Freeman for a fee. Detailed information regarding accessible storage will be available in the Exhibitor Service Kit. If an exhibitor does not properly handle empty boxes, boxes will be removed at the exhibitor's expense.

Porter Service

At the SABCS, exhibitors who will be distributing giveaways and/or providing food and beverage to attendees in their exhibit booths and/or in their meeting rooms must order and pay for porter service through the exclusive general services contractor. The order form for porter service will be provided in the online Exhibitor Service Kit. Porter service includes monitoring of the exhibit booth and meeting rooms, emptying wastebaskets, and collecting empty boxes throughout the Exhibit Hall and exhibitor meeting room areas during open hours. Standard wastebasket emptying does not include removal of empty boxes. If porter service has not been ordered by December 8 at 2:00 p.m., SABCS will arrange for the porter service through the general services contractor at the exhibitor's expense.

Security

SABCS will provide overall security for the duration of the meeting. Each exhibitor must make provisions for safeguarding its own goods, materials, equipment and display at all times. Exhibitors are urged to obtain, at their own cost and expense, insurance for all goods, materials and equipment displayed in connection with an exhibit. Further details will be included in the Exhibitor Service Kit.

Federal and Local Fire and Building Codes

All materials used in display construction or decorating will be made of fire-retardant materials and be certified as flame retardant. Samples should be available for testing. Materials that cannot be treated to meet the requirements should not be used. A flameproofing certificate must be available for inspection. Exhibitors are responsible for compliance with life/safety and fire codes.

Fire Protection

All materials used in the exhibit area must be flameproof and fire resistant in order to conform to local fire ordinances and in accordance with regulations established by the National Association of Fire Underwriters. Crepe paper, corrugated paper, flameproof or otherwise, will not be permitted. Display racks, signs, spotlights, and special equipment must be approved before use, and all displays are subject to inspection by the Fire Prevention Bureau. Any exhibits or parts thereof that are found not to be fireproof may be ordered dismantled. All aisles and exhibits must be kept clear at all times, and fire stations and fire extinguisher equipment are not to be covered or obstructed. The Henry B. Gonzalez Convention Center and the City of San Antonio Fire Department reserve the right to make any final decisions regarding fire and public safety.

Telephone and Internet Services

Telephones and Internet service in the Exhibit Hall is supplied exclusively by Smart City Networks. Information on ordering these services will be available in the Exhibitor Service Kit.

Fundraising

Unless a special exception has been granted by SABCS in advance for fundraising activities to benefit certain not-for-profit organizations, exhibitors may not engage, directly or indirectly, in any fundraising (including solicitation of corporate investors) in the Exhibit Hall. Any organization seeking such an exception, must submit the Booth Activity form by October 5.

Violations of this trademark policy may result in exhibitors being assessed licensing fees, in addition to other remedies available to SABCS. For further information about SABCS rights and permissions, contact sabcs-exhibits@uthscsa.edu.

Marketing of Products and Services Outside of the Exhibit Hall

Except as specified below, the only appropriate and acceptable venue for the distribution of advertising or marketing materials is the Exhibit Hall. Commercial firms and other organizations may not, for example, engage in marketing activities through hotel television channels, individual company distribution of marketing materials in hotels (e.g., giveaways, flyers or door drops not sponsored by SABCS), or the branding of beverage napkins, hotel keys, etc. At the meeting venue, marketing materials may not be offered, distributed or displayed

anywhere other than the Exhibit Hall unless a specific prior exception has been granted by SABCS.

Mobile advertisements within the meeting location’s metropolitan area during or 10 days before or after the meeting are strictly prohibited. This includes advertising at airports and via drones, buses, taxis, Segways, boats, planes, street cars, food trucks, etc.
